

Transportation of the Product

- Carry the appliance with at least two persons.
- Do not use the door and/or handle to transport or move the product. The door, handle or hinges may be damaged.
- Hold the oven from the slots for handling on both sides to move it.

Electrical connection

General warnings

- Electrical connection shall comply with national regulations.
- Disconnect the product from the electric connection before starting any work on the electrical installation. There is an electric shock hazard.

- Connect the product to a grounded outlet/line protected by a miniature circuit breaker of suitable capacity as stated in the "Technical specifications" table. Have the grounding installation made by a qualified electrician while using the product with or without a transformer. Our company shall not be liable for any damages that will arise due to using the product without a grounding installation in accordance with the local regulations.
- The product can only be connected to the mains electricity connection by an authorized and qualified person, and the warranty of the product starts only after correct installation. The manufacturer cannot be held responsible for any damages that may
