1. PARTS AND COMPONENTS

Fig. 1
1. Opening flap
2. Light ring
3. Light button
4. Handle

Note:
The graphics in this manual are schematic representations and may not exactly match the appliance.

2. BEFORE USE

- This device is packaged in a way as to protect it during transport. Take the device out of its box and remove all packaging materials. You can keep the original box and other packaging elements in a safe place. This will help you prevent damage to the device when transporting it in the future. In case the original packaging is disposed of, make sure all packaging materials are recycled accordingly.
- Make sure all parts and components are included and in good conditions. If there is any piece missing or in bad conditions, contact the official Cecotec Technical Support Service immediately.

Box content
- Mini fridge
- Adapter
- Instruction manual

This mini fridge is ideal to keep beauty products like perfumes, balms, lipsticks, eye creams, eyeliners, jade roller, hydrating creams, facial cleansers, lotions, creams, nail varnish, organic and preservative-free skin care products, serums, face masks, facial sprays and mists, sunscreens, toners, etc.

3. OPERATION

1. Place the mini fridge on a flat, stable surface.
2. Plug the DC power-cable connector into the DC connector of the mini fridge.
3. Plug the mini fridge into a mains socket. The LED indicator will light up.

4. The device requires, at least, one hour to reach the ideal temperature for the storage of beauty products. The device will require more time if you store a lot of products inside.
5. You can adjust the intensity of the light ring by pressing the light button. There are three intensity levels.

Cool down
- Temperature depends on the environment.
- The colder the ambient temperature, the cooler the mini fridge will be. Ambient temperature is the temperature of surrounding air.

4. CLEANING AND MAINTENANCE

- Make sure to unplug the appliance after use and before storing it.
- Store the mini fridge in a cool, dry place. Always make sure it is completely dry before storing it.
- Always let the mini fridge dry completely with the door open before storing it. Keep the door open while the appliance reaches room temperature to avoid moisture and mould formation inside the appliance.
- Clean the mini fridge with a soft, damp cloth. The removable shelf can be cleaned with water, neutral soap, and a soft sponge.
- It is common for condensation to form inside the mini fridge: be sure to clean it frequently to prevent bad odours and ensure proper operation.
