## TECHNICAL FEATURES

|                                      |                                                                                                      |
|--------------------------------------|------------------------------------------------------------------------------------------------------|
| <b>Materials/Finishes</b>            | Scotch brite stainless steel (AISI 304)                                                              |
| <b>Features</b>                      | Perimeter suction<br>Dual lighting                                                                   |
| <b>Control</b>                       | Electronic control<br>Remote control included<br>Dialogue system                                     |
| <b>Function</b>                      | Extracting/Filtering                                                                                 |
| <b>Lighting</b>                      | Dynamic Light (2700K - 5600K)<br>Dimmable lighting<br>Strip LED 2x20 W - 2700 K / 5600 K             |
| <b>Filters</b>                       | Metallic grease filter, removable and washable<br>Carbon.Zeo Microtech regenerable filter (optional) |
| <b>Motor</b>                         | Brushless Motor                                                                                      |
| <b>Dimensions</b>                    | 100 cm                                                                                               |
| <b>Maximum Electric hob distance</b> | 150 cm                                                                                               |
| <b>Maximum Gas hob distance</b>      | 150 cm                                                                                               |

## CONNECTION AND CONSUMPTION FUNCTIONS

|                            |                  |
|----------------------------|------------------|
| <b>Maximum consumption</b> | 170 W            |
| <b>Voltage/Frequency</b>   | 220-240V 50-60Hz |
| <b>Plug</b>                | Shuko            |

## MOTOR

|                            |                          |
|----------------------------|--------------------------|
| <b>Motor</b>               | Brushless Motor 800 m³/h |
| <b>Maximum capacity</b>    |                          |
| <b>Maximum sound level</b> |                          |
| <b>Energy class</b>        |                          |

## WEIGHTS AND VOLUMES

|                             |                           |
|-----------------------------|---------------------------|
| <b>Gross weight</b>         | 30.1 kg                   |
| <b>Net weight</b>           | 24.2 kg                   |
| <b>Volume</b>               | 0.29 m³                   |
| <b>Packaging dimensions</b> | L 1330 x H 307 x P 725 mm |

## Optional accessories

| Code         | Description                                                                                                |
|--------------|------------------------------------------------------------------------------------------------------------|
| KACL.1050    | Carbon.Zeo Microtech regenerable filter for "plug and play installation" (ceiling hoods over L100 cm) (2x) |
| KACL.939#BF  | Carbon.Zeo filter unit kit for ceiling (horizontal outlet)                                                 |
| KACL.928     | Filter spare part Carbon.Zeo (for horizontal outlet)                                                       |
| KACL.953#BF  | Carbon.Zeo filter unit kit for ceiling (vertical outlet)                                                   |
| KACL.931     | Filter spare part Carbon.Zeo (for vertical outlet and under base kit h100 mm)                              |
| KACL.1064#BF | Grid for air outlet for ceiling hoods with "plug and play" filters - White                                 |
